Austintown, OH | (330) 978-7706 | tabithajeane0927@gmail.com | tabitha-kelley-portfolio.netlify.app

PROFESSIONAL SUMMARY

Early-career web and graphic designer with hands-on experience creating responsive marketing websites, landing pages, and print and digital design work. Brings a strong foundation in layout, typography, color, visual hierarchy, accessibility, and UI/UX principles, supported by web design coursework and prior web development internship experience. Skilled at translating content into clear, brand-consistent experiences and collaborating in fast-paced, cross-functional environments.

CORE SKILLS

Web and UX: Responsive and mobile-first design, landing pages, accessibility, usability, basic SEO, QA and testing
Design: Adobe Photoshop, Illustrator, InDesign, Figma, layout, typography, color theory, visual hierarchy, brand consistency
Development and Publishing: HTML5, CSS3, Bootstrap, basic JavaScript and jQuery, WordPress, Netlify, GitHub
Professional: Cross-functional collaboration, clear communication, feedback implementation, organization, time management

SELECTED WEB AND DESIGN PROJECTS

Personal Portfolio Website | Independent Project

- Designed and developed a responsive portfolio with HTML and CSS, featuring accessible navigation, project case studies, and a downloadable resume.
- Organized content for recruiter review, tested layouts across screen sizes, and published the site through Netlify.

Fernscape Interiors Responsive Website | SNHU Web Design Project

- Designed and built a multi-page marketing website with HTML, CSS, and Bootstrap, including responsive navigation, service content, calls to action, and a contact experience.
- Applied mobile-first layout practices, semantic structure, alt text, color contrast, readable typography, metadata, basic SEO, and cross-device QA.
- Worked within a defined brand direction to organize information into a clear, polished experience for a fictional interior plant design client.

Typography and Campaign Design | SNHU Graphic Design Projects

- Created print and digital work including a book jacket, magazine layout, and social media advertisement using Photoshop, Illustrator, and InDesign.
- Adapted composition, typography, imagery, and color to each project's audience, message, format, and brand needs while incorporating critique and revision.

RELEVANT EXPERIENCE

Web Development Intern | XCom Ohio, Rootstown, OH | August 2009 - August 2011

- Supported website updates, page layout edits, and content changes using HTML, CSS, and jQuery.
- Troubleshoot formatting issues, tested page functionality, maintained organized files, and collaborated with team members on client update requests.

ADDITIONAL PROFESSIONAL EXPERIENCE

General Warehouse Associate | TJX HomeGoods Distribution Center, Warren, OH | March 2021 - Present

- Balance shifting priorities in a high-volume, system-driven environment while maintaining accuracy, responsiveness, and dependable follow-through.
- Collaborate across departments to resolve workflow issues, communicate updates, and keep time-sensitive work moving efficiently.

Sorting Associate | Amazon DCL3, North Jackson, OH | October 2019 - March 2021

- Maintained speed, accuracy, and process compliance in a high-volume, technology-driven operation.

EDUCATION AND HONORS

Bachelor of Arts in Graphic Design and Media Arts, Web Design Concentration | Southern New Hampshire University | In Progress

- President's List, Spring and Summer 2026; Honor Roll, five consecutive terms (October 2025 - August 2026)
- Member, Alpha Sigma Lambda National Honor Society (inducted August 2026)
- National Society of Leadership and Success (NSLS), induction in progress

Web Design and Development Coursework | Stark State College of Technology
